

Footpath number	Description	Autumn 2021
RP1	RP1 is the track up from off the left of the Towcester Road and runs east out of the village. It becomes RF12 (another jurisdiction - Buckinghamshire according to the footpath marker) at the end of the track - 1st stile you come to.	Checked March 2022. All fine.
RP2	RP2 starts on the Northampton Road, by the playing field and travels out of the back of the playing field, behind the industrial units and across the 'potato field' to the brook. The other side of the brook is footpath FE5, another jurisdiction.	Checked March 2022. May 2022, wobbly stile at start of footpath reported It is advised that users of the Rights of Way Network always carry a suitable map as there is nowhere suitable to affix a way-mark across the last two fields of this footpath.
RP3	RP3 runs from beyond the last house on the right (East) of Farthingstone road heading away from Litchborough. It runs north until it hits the brook and becomes FE4 on the other side of a small bridge. FE4 belongs to another footpath jurisdiction.	Checked March 2022. All fine.
RP4	RP4 forks off RP16 in a north westerly direction where RP5 continues in a south westerly direction. We're not exactly sure of the point but it appears to be near the first stile.	Checked May 2022. Wobbly 2nd stile beyond V bridge is fixed.
RP5	RP5 extends from the end of RP16 in a south westerly direction toward the Banbury Road (we think).	Checked May 2022. All fine.
RP6	RP6 is a short footpath starting farther along the main road just up from where RP5 meets the road.	Checked May 2022. All fine.
RP7	Does not exist	
RP8	RP8 starts beyond Hay Barn on the right of the Towcester Road heading West to the Banbury Road	Checked May 2022. All fine.
RP9	RP9 is a long footpath and starts behind the village green and heads south along the east side of the old cricket pitch. It meets RP10 and forks right (south west and crosses RP8 (stile) and heads west (north of Tivy Farm) and then takes a sharp left (south) and passes a pond on its left (west of Tivy Farm) and hits the top road. The footpath continues beyond the top road south (it is signposted to the south and north) to a field delimiter just beyond some farm buildings and hits footpath RC11 which is a different jurisdiction.	Checked May 2022. All fine.
RP10	RP10 starts about two thirds of the way along RP9 from behind the green on the east side of the old cricket pitch. See above. RP10 crosses RP8 (see above) and continues south (east of Tivy farm) and hits the top road. The continuation of RP10 (it is signposted) south of the top road is a hundred yards or so along the top road (west). RP10 runs parallel to RP9 also hitting RC11. At this point, RP10 is signposted heading north.	Checked May north of Top Road, to be checked south of TR

Footpath number	Description	Autumn 2021
RP11	RP11 starts on the top road about 100 yards the other side of the continuation of RP10 (it is signposted) and travels south east until it hits the single track road that takes you from the Towcester Road past Foxley Lodge and Foxley House to Banbury Lane. There is a bit of a stile and a slab of concrete which are enough to gain access from the top road.	To be checked
RP12	RP12 is a short footpath from the start of the single track road to Foxley, to the Caswell Road, thus cutting off the corner.	There is no signage or evidence that this footpath has ever been in place/used. No further action to be taken.
RP13	RP13 is off the single track road to Foxley, from just before Foxley Lodge, west toward Seawell farm/reserve and RC11 and RC15.	To be checked
RP14	RP14 is off the single track road but from beyond Foxley House in a south easterly direction.	Checked March 2022. All fine.
RP15	RP15 is a tiny footpath North East of the village, off the Northampton Road toward the A5, beyond Radmore Farm. Slightly wobbly sign post (top metal tie has broken) and grubby but visible.	To be checked, entrance may need cutting back.
RP16	RP16 is the start of the Knightly Way up Kiln Lane off the Banbury Road.	Checked May 2022. All fine.
